Unless otherwise expressly specified all offers are made subject to immediate acceptance and stock remaining unsold on receipt of order; f.o.b. Rochester; bags or boxes extra at cost; terms net. We give no warranty, expressed or implied, as to purity, description, quality, productiveness or any other matter of any seeds, bulbs or plants we send out, and will not be in any way responsible for the crop. We decline responsibility for delays or failure to fill orders when such delays or failures are caused by reasons beyond our control, such as strikes, fires, damage by flood, or other losses. All offers subject to confirmation by us on receipt of acceptance.

Dear Sir:

Here is your best chance to secure fall bulbs at special import prices. We have arranged our list to include the Holland Bulb Growers' prices, plus freight, insurance and the numerous other expenses usually included in consular invoices, and also duties and all other harbor charges, and have added just enough to cover insurance and risk. Consequently, we offer you the opportunity to secure your fall bulbs more advantageously we believe, than if you were to place your order with any high-class Holland Bulb concern. It will be necessary to place orders immediately to take advantage of these prices. We must forward all our orders to our growers at once to allow them plenty of time to arrange for shipment in due season.

The Holland Bulb Growers' iron bound minimum price agreement has at least one advantage, since the high prices and best varieties of former years are very cheap this year compared with the price of common stock and ordinary quality. Since we have handled an enormous quantity of bulbs for years, we know just where to obtain the best quality and the most satisfactory service. This list contains, therefore, a large number of varieties which in former years were almost prohibitive in price, but which, because of their superior quality, we urge florists to use at these low prices.

Prompt and intelligent service in packing and shipping orders as soon as bulbs arrive is a great hobby with us. We do not have our bulbs come through ordinary Bulb Freight Brokers, but have a very satisfactory arrangement so that for several years past our bulbs have reached Rochester, been distributed in our warehouses and shipped by express or freight to our customers before the shipments of many other bulb importers were off the ocean docks. For these reasons and many others we urge every florist and bulb dealer to take advantage of this special offer immediately. It will pay to stop other work long enough to send in your list at once.

Bulbs are usually packed as follows: Hyacinths, 100 per bag. Tulips and Narcissus, 250 to 500. Crocus, 500 to 1000. In quantities of less than 250 of any one variety add \$.25 per hundred to the prices quoted herein. No order accepted on special import prices for less than 100 bulbs of any one variety.

These prices are subject to immediate acceptance and withdrawal without notice and all orders are subject to our confirmation on receipt of same. Terms, 2% 10 days from date of invoice, net 60 days.

Hoping we shall be favored with a good, big order from you by return mail, we remain,

Very truly yours,  
JAMES VICK'S SONS

**FLOWER SEEDS FOR SUMMER PLANTING**

Now is the time to provide for your requirements for flower seeds for summer—Pansies, Winter Flowering Stocks, Winter Flowering Sweet Peas and all kinds of Perennials such as Gaillardias, Gypsophila, Hollyhock, Alyssum, Aquilegia, Delphinium, Carnations, etc.

Perennials are coming into greater favor every year, and seem likely to become the most popular of all flowers. They are essential in every landscape gardening project. No home garden is complete without masses of several varieties of hardy perennials that blend themselves freely to color schemes and produce a profusion of flowers through a long

period.

The florist who is prepared to supply this demand is sure to reap a rich reward. Moreover, you will find the flowers always handy in making up floral designs. You will find a complete list of Perennials in our General Catalogue, pages eighty to eighty-four, and Pansy seeds on pages sixty-eight and sixty-nine. Send us your list and we will give you the best possible price on seeds that you require. We can take care of your needs as well as anyone anywhere.
